To whom it may concern:

KOLI Co. Ltd. was chosen from three candidates as our exclusive source for NDE and quality surveillance activities in Eastern Europe. My employer has been actively expanding casting sources in that region and I have enjoyed a successful working relationship with Mr. Marek Lipnicki for twelve months.

I can say that, professionally and technically, KOLI Co. Ltd. has performed to my total satisfaction. Further, and of paramount importance, I state that Mr. Marek Lipnicki exhibits ethical standards which are second to none.

Therefore, with clear conscience, I recommend that you consider engaging the services of KOLI Co. Ltd.

Sincerely,
